

KEVIN HUGHES

FULL-STACK WEB DEVELOPER

PERSONAL PROFILE

A passionate and dedicated web developer with a keen eye for crafting beautifully designed applications and a relentless drive for writing clean, efficient code. With a strong background in client-facing roles, I have developed excellent communication skills and a focus on exceeding stakeholder expectations. My goal is to deliver high-quality, fully realized solutions that not only meet, but surpass, project requirements.

University of Salford, UK

BA (Hons) Media, Language & Business

SKILLS

- **Frameworks:** React, React Native, Angular, Vue.js
- **Front-End Technologies:** JavaScript, HTML, CSS
- **Back-End Technologies:** Node.js, MongoDB, Express

WEB DEVELOPMENT

Full-Stack Web Development

2021 - PRESENT

- **DIMOS 5G** - Developed a real-time, responsive dashboard integrating RTSP video streaming, vehicle tracking, and MQTT event handling. Built an interactive icon system and live event log to support smart road safety, emissions reduction, and emergency response.
- **Andalucía BirdLand** - Designed and developed a fully responsive eco-tourism website. Integrated Mister Plan for secure real-time booking and payments, optimised for SEO and fast performance across all devices.
- **LiveDocs** - Developed a real-time collaborative editor using React, Next.js, TypeScript, and Liveblocks. Implemented Google authentication via Clerk, Lexical Editor for text editing. Added live comments with mentions, emojis, file sharing, and notifications.
- **Flowerheads** - Built a modern e-commerce web app with React, Next.js, Stripe, and Sanity CMS. Enabled browsing, cart management, product details, and secure checkout with Stripe. Optimized for scalability, responsiveness, and overall performance.
